Contents

Volume 19 (1990)

C.G. Brown and H.A. Werman	Adrenergic agonists during cardiopulmonary resuscitation (Collective Review)	1
K. Abe, H. Katuyama and M. Oka	Insulin inhibits the increased contractile force induced by epinephrine in isolated guinea pig heart muscle	17
E.L. Cerchiari, R.J. Sclabassi, P. Safar and T.M. Hoel	Effects of combined superoxide dismutase and deferoxamine on recovery of brainstem auditory evoked potentials and EEG after asphyxial cardiac arrest in dogs	25
R.G. Carroll, S.G. Iams, W.H. Pryor, Jr. and E.J. Allison, Jr.	Serum magnesium increases following severe hemorrhage in dogs blocked by verapamil treatment	41
C.L. Emerman, A.C. Pinchak, J.F. Hagen and D.E. Hancock	Dye circulation times during cardiac arrest	53
R.M. Hardaway and C.H. Williams	A new treatment for traumatic shock and ARDS	61
	Literature of resuscitation	77
	Calendar of future events	85
	Editorial Note and Erratum	87
V.L. Kozhura, J.V. Solovyeva, I.S. Novoderzhkina and Y.V. Miklyaeva	Ischemic brain edema as a complication of decompensated hypovolemic shock	89
J.P. Orlowski, J.M. Gallagher and D.T. Porembka	Endotracheal epinephrine is unreliable	103
S.F. Christensen, C. Stadeager and E. Siemkowicz	Estimation of cerebral blood flow during cardiopulmonary resuscitation in humans	115
A. Sari, S. Yamashita, S. Ohosita, H. Ogasahara, K. Yamada, A. Yonei and K. Yokota,	Cerebrovascular reactivity to CO_2 in patients with hepatic or septic encephalopathy	125
M.E. Mancini and W. Kaye	Measuring cardiopulmonary resuscitation performance: a comparison of the heartsaver checklist to manikin strip	135

T. Silfvast	Initiation of resuscitation in patients with prehospital bradyasystolic cardiac arrest in Helsinki	143
J.I. Blenkharn, S.E. Buckingham and D.A. Zideman	Prevention of transmission of infection during mouth-to-mouth resuscitation	151
S. Kashimoto, A. Nonaka and T. Kumazawa	Anesthetic influence on myocardial energy metabolism during hemorrhagic shock in rats	159
J. Jakobsson, N. Rehnqvist and O. Nyqvist	Clinical experience with three different defibrillators for resuscitation of out-of-hospital cardiac arrest	167
M. Yamashita, I. Chin, H. Horigome, Y. Umesato and M. Tsuchida	Sudden fatal cardiac arrest in a child with an unrecognized anterior mediastinal mass (Case Report)	175
	Literature of resuscitation	179
	Book reviews	185
	Calendar of future events	187
V.A. Negovsky	Some neurological aspects of reanimatology (International Communication)	189
R.W. Neumar, C.G. Brown, P.-M.L. Robitaille and R.A. Altschuld	Myocardial high energy phosphate metabolism during ventricular fibrillation with total circulatory arrest (Collective Review)	199
J.W. Hoekstra, P. Van Ligten, R. Neumar, H.A. Werman, J. Anderson and C.G. Brown	Effect of high dose norepinephrine versus epinephrine on cerebral and myocardial blood flow during CPR	227
J.M. Schoffstall, W.H. Spivey, S. Davidheiser, L. Fuhs and R. Kirkpatrick Jr.	Endogenous and exogenous plasma catecholamine levels in cardiac arrest in swine	241
G.C. Carroll	Effect of alkalinization and fluids on survival in acute, non-hypoxic respiratory acidosis	253
J.E. Natale, S.M. Stante and L.G. D'Alecy	Elevated brain lactate accumulation and increased neurologic deficit are associated with modest hyperglycemia in global brain ischemia	271
S.E. Mace	Plasma lidocaine levels occurring with endotracheal administration during hemorrhagic shock	291
	Literature of Resuscitation	303
	Calendar of Future Events	321
	Subject Index Volume 19	323
	Author Index Volume 19	327
	Contents Volume 19	329
